## PREBLE COUNTY ATTENDANCE POLICY

### DEFINITION

As part of HB 410, effective at the start of the 2017-2018 school year, *chronic truant* will no longer be used. *Habitual truant* refers to a child of compulsory school age (6-18) who is absent from school without legitimate excuse for the following number of hours (RC 2151.011):

- 30 or more consecutive hours or
- 42 or more hours in one school month or
- 72 or more hours in a school year

### EXCUSED ABSENCES

Students must be in school unless the absence has been excused for one of the reasons listed below. Parents are to notify the school before school begins on the day of the absence to explain the nature of their child's absence from school. **You can report your child's absence by calling the attendance secretary at (937)839-4315 to record the information. Each absence MUST be followed with a note upon the child's return to school. The note needs to be given to the appropriate building secretary stationed in the office. If a note has not been received within two days of returning from an absence, the absence will stand as unexcused.** If you must leave school during the day, you must have permission from the principal's office to sign out. All students are expected to make up class work missed during an absence.

### LEGAL REASON FOR ABSENCES

1. Illness – The principal or designee may require the verification of the illness from a physician if deemed necessary.
2. Illness of an immediate family member.
3. Death in the family.
4. Religious holidays of the student's faith.
5. Required court appearance or subpoena by the law enforcement agency.
6. Scheduled doctor or dentist appointments.

week prior to the vacation.

**ATTENDANCE NOTIFICATION**

Requires the District to notify the County Attendance Officer in the event the student is absent *with or without a* legitimate excuse for 38 or more hours in one school month or 65 hours in a school year. The County Attendance Officer will also notify a student's parent, guardian, or custodian regarding the absences.

Requires a school district or school to (1) make at least three meaningful, good-faith attempts to secure the participation of the student's parent within a specified time period and (2) investigate whether failure to respond to those attempts triggers mandatory reporting to the child protective services.

With specified exceptions, requires a complaint to be filed in juvenile court against a student (and against any person who fails to cause the child's attendance at school) on the 61st day after the implementation of an absence intervention plan, provided that the school district made meaningful attempts to re-engage the student and the student refused to participate or failed to make satisfactory progress.

<b>Triggering Instances</b>	<b>Steps to be taken</b>
<p>Student is absent (excused or unexcused) for 38 or more hours in one school month or 65 or more hours in one school year.</p>	<ul style="list-style-type: none"> <li>● District or school's new policy must include developing a truancy intervention plan for any student who meets this absence trigger.</li> <li>● District or school must provide written notice to the parent within seven days of the triggering absence.</li> <li>● District or school may utilize any other intervention strategies contained in the new policy.</li> </ul>
<p>Students are absent (unexcused) for 30 or more consecutive hours, 42 or more hours in one school month, or 72 hours in one school year.</p>	<ul style="list-style-type: none"> <li>● District or school must assign the student to an absence intervention team within seven days of the triggering absence.</li> <li>● The district or school must make three meaningful, good-faith attempts to secure the participation of the parent and investigate whether a failure to participate warrants a report to child protective services.</li> <li>● Within 14 days of the assignment of a team, the team must develop an absence intervention plan.</li> <li>● Within seven days of the plan's development, the district or school must provide written</li> </ul>

	<p>notice of that plan to the parent.</p> <ul style="list-style-type: none"> <li>• The district or school may contact the court about the informal enrollment of the child as an alternative to adjudication.</li> </ul>

**Absence intervention team**

Within ten days after the absences of a student surpass the threshold for a habitual truant, the act requires a school principal or chief administrator or the district superintendent to assign the student to an absence intervention team. Within 14 school days after the assignment, the team must develop an intervention plan for that student in an effort to reduce or eliminate further absences.

**Members of the Absence Intervention Team**

Membership of each team may vary based on the needs of each individual student but must include:

- A representative from the child's school district or school
- Another representative from the child's school district or school who knows the child, and
- The child's parent (or parent's designee), or the child's guardian, custodian, guardian ad litem, or temporary custodian.
- The team also may include a school psychologist, counselor, social worker or a representative of a public or nonprofit agency designed to assist students and families in reducing absences.

**TARDY TO SCHOOL OR CLASS**

- If a student is not in his assigned room when school begins at 8:35 or the tardy bell rings before each class, he/she will be considered tardy. If a student is tardy to school, he/she must report to the office for a pass to class. Students may have two unexcused tardies to school/class before a consequence is assigned.
- After a student has accumulated 30 minutes of tardiness to school, additional time above that 30 minutes will count towards that student's truancy.

Hazing is defined as doing any act or coercing another, including the victim, to do any act of intimidation unto any student or organization that causes or creates a substantial risk of causing mental or physical harm to any person. Hazing activities of any type are inconsistent with the educational process and are prohibited at all times. No administrator, faculty member, or another employee of the District shall encourage, permit, or tolerate any hazing activities. No student may plan, encourage, or engage in any hazing.

Administrators, faculty members, and all other District employees are particularly alert to possible conditions, circumstances, or events, which might include hazing. Harassment, intimidation, or bullying behavior by any student/school personnel in the Twin Valley Local Schools is strictly prohibited, and such conduct may result in disciplinary action, including suspension and/or expulsion from school. "Harassment, intimidation, or bullying, in accordance with House Bill 276, means any intentional written, verbal, graphic or physical acts

including electronically transmitted acts i.e., Internet, cell phone, personal digital assistant (PDA), or wireless hand-held device, either overt or covert, by a student or group of students toward other students/school personnel with the intent to harass, intimidate, injure, threaten, ridicule or humiliate. Such behaviors are prohibited from originating from any location if the effects of such acts occur on school property. Such effects include but are not limited to causing mental or physical harm to the other student/school personnel, including placing an individual in reasonable fear of physical harm and/or damaging of students'/personal property, and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student/school personnel.

**Formal Complaints:** Students and/or their parents or guardians may file reports regarding suspected harassment, intimidation, or bullying. Such written reports shall be reasonably specific, including the person(s) involved, the number of times and places of the alleged conduct, the target of suspected harassment, intimidation, and/or bullying, and the names of any potential student or staff witnesses. Such reports may be filed with any school staff member or administrator, and they shall be promptly forwarded to the building principal for review and action.

**Informal Complaints:** Students, parents or guardians, and school personnel may make informal complaints of conduct that they consider to be harassment, intimidation, and/or bullying by verbal report to a teacher, school administrator, or other school personnel. Such informal complaints shall be reasonably specific as to the actions giving rise to the suspicion of harassment, intimidation, and/or bullying, including the person(s) involved, the number of times and places of the alleged conduct, the target of the prohibited behavior(s), and the names of any potential student or staff witnesses. A school staff member or administrator who receives an informal complaint shall promptly document the complaint in writing, including the above information. This written report by the school staff member and/or administrator shall be promptly forwarded to the building principal for review and action.

**Anonymous Complaints:** Students who make informal complaints as set forth above may request that their name be maintained in confidence by the school staff member(s) and administrator(s) who receive the complaint. The anonymous complaints shall be reviewed, and reasonable action will be taken to address the situation, to the extent such action may be taken that (1) does not disclose the source of the complaint and (2) is consistent with the due process rights of the student(s) alleged to have committed acts of harassment, intimidation and/or bullying.

### **HARASSMENT, INTIMIDATION, OR BULLYING (Board Policy JFCF)**

Hazing means doing any act or coercing another, including the victim, to do any act of initiation into any student or other organization that causes or creates a substantial risk of causing mental or physical harm to any person.

Throughout this policy, the term bullying is used in place of harassment, intimidation, and bullying.

Bullying, harassment, and intimidation are intentional written, verbal, or physical acts that a student has exhibited toward another student more than once. The intentional act also includes

violence within a dating relationship. The behavior causes either mental or physical harm to the other student and is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening, or abusive educational environment for the other student. This behavior is prohibited on school property or at a school-sponsored activity.

Permission, consent, or assumption of risk by an individual subjected to hazing, bullying, and/or dating violence does not lessen the prohibition contained in this policy.

The District includes, within the health curriculum, age-appropriate instruction in dating violence prevention education in grades 7 to 12. This instruction includes recognizing warning signs of dating violence and the characteristics of healthy relationships.

Prohibited activities of any type, including those activities engaged in via computer and/or electronic communications devices or electronic means, are inconsistent with the educational process and are prohibited at all times. The District educates minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response.

No administrator, teacher, or other employees of the District shall encourage, permit, condone or tolerate any hazing and/or bullying activities. No students, including leaders of student organizations, are permitted to plan, encourage, or engage in any hazing and/or bullying.

Administrators, teachers, and all other District employees are particularly alert to possible conditions, circumstances or events that might include hazing, bullying, and/or dating violence. If any of the prohibited behaviors are planned or discovered, involved students are informed by the discovering District employee of the prohibition contained in this policy and are required to end all such activities immediately. All hazing, bullying, and/or dating violence incidents are reported immediately to the Superintendent/designee, and appropriate discipline is administered.

The Superintendent/designee must provide the Board President with a semiannual written report of all verified incidents of hazing and/or bullying and post the report on the District's website.

The administration provides training on the District's hazing and bullying policy to District employees and volunteers who have direct contact with students. Additional training is provided to elementary employees in violence and substance abuse prevention and positive youth development.

District employees, students, and volunteers have qualified civil immunity for damages arising from reporting an incident of hazing and/or bullying. Administrators, teachers, other employees, and students who fail to abide by this policy may be subject to disciplinary action and may be liable for civil and criminal penalties in compliance with State and Federal law.

No one is permitted to retaliate against an employee or student because he/she files a grievance or assists or participates in an investigation, proceeding or hearing regarding the charge of hazing and/or bullying of an individual.

# Chromebook Policy

## *PURPOSE OF 1:1 PROGRAM*

The goal of the 1:1 Chromebook program is to create a collaborative, interactive learning environment for all students. This environment will enable and support students and teachers to implement transformative uses of technology while enhancing students' engagement with content and promoting the development of self-directed and lifelong learners.

## *HOW*

Chromebooks will be distributed within the first week of the school year. This 1:1 Chromebook Policy outlines the procedures for families to protect the Chromebook investment for the Twin Valley Community Local School District. Each student will be issued the same device they used the year before until the retirement of the device. So it is important that the label with the student username be intact.

## *GROUND RULES*

- Participation is mandatory in the same way that textbooks are mandatory.
- 5th and 6th-grade students are expected to take their device home every day regardless of whether it is needed.
- **Fully-charged Chromebooks must be brought to school every day for 5th and 6th-grade students**; repeated violations will result in discipline.
- Loaner Chromebooks may be provided for extenuating circumstances. A loaner cannot be guaranteed and does not remove your responsibility for work in your classes if one cannot be provided.
- Chromebook frequency of use and availability is left to the discretion of each teacher.
- Chromebooks use the same web filter at home as they do at school.
- Files will be stored online. Many Google Apps allow for offline access which will allow for school work to be accomplished even when the Chromebook does not have access to WiFi. Any work done in offline mode will be synced with the student's Google account when the Chromebook rejoins WiFi.
- Students must protect network accounts and passwords. Under no circumstances does one share login credentials or passwords with others.

## *USE AND CARE*

- Transport Chromebooks using two hands with the screen closed.
- Protecting the Chromebook is your responsibility. A protective bag, cover, or case is recommended at the expense of the family.
- Chromebooks must remain free of any writing, drawing, skins, or stickers.
- Headphones/earbuds and mice may be used at the expense of the family.
- Avoid excessive temperature changes. Your device should not be left in a hot car or unheated space.
- Do not place anything on the keyboard before closing the lid.

- Do not place excessive pressure on the front or back of the screen while storing or transporting.
- Do not remove or permanently cover identifying labels, tags or other distinguishing marks on the Chromebook.
- Clean Chromebooks with water/vinegar mix on a slightly damp rag. Do not oversaturate.

## *REPAIRS*

- The cost to repair any intentional or negligent damage will be the responsibility of the family at a flat rate of \$25 per incident. If replacement is necessary, the family will be responsible for a replacement cost of \$175.
- If a Chromebook becomes lost, the family will be held responsible and charged a \$125 fee.
- Power adapters that are damaged or lost may be replaced for a \$25 fee.
- Parent(s)/guardian(s) must file a police report for a stolen device. Upon receipt of the police report, the District will then replace the Chromebook.
- Do not attempt to repair the Chromebook nor take the Chromebook to a third party for repair.
- **Immediately contact the Technology department if you are experiencing problems with your Chromebook. Complete the repair form located on the district website under the student menu. Deliver your device to room 2104 in the Middle School. *This can be completed by teachers of younger students.***

## *TERMS*

Twin Valley Community Local School District (the “District”) provides all students with a Chromebook while they are enrolled. The District retains all ownership of the device and entrusts the student with the use of the device. **You will comply at all times with the District’s Student/Parent Chromebook Policy and Acceptable Use Policy.** Any failure to comply may terminate your rights of possession effective immediately, and the District may repossess the property.

Your right to use and possession of the property terminates not later than the last day of the school year unless earlier terminated by the District or upon withdrawal from the District.

Your failure to timely return the property and the continued use of it for non-school purposes without the District's consent may be considered unlawful appropriation of the District's property.

## *ACCEPTABLE USE POLICY*

***Staff and students are subject to school board policy file [EDE](#), and [EDE-R](#) (Acceptable Use and Internet Safety)***

Technology has fundamentally altered the ways in which information is accessed, communicated, and transferred in society. As a result, educators are continually adapting their means and methods of instruction and how they approach student learning to incorporate the vast, diverse, and unique resources available through the Internet. The Board provides Education Technology so that students can acquire the skills and knowledge to learn effectively and live productively in a digital world. The Board of Education provides students with access to the Internet for limited educational purposes only and utilizes online educational services to enhance the instruction delivered to its students. The District’s Internet system does not serve as a public access service or a public forum, and the Board imposes reasonable restrictions on its use consistent with its limited educational purpose.

This policy and its related administrative guidelines and the Student Code of Conduct govern students' use of the District's personal communication devices (that is, computers, laptops, tablets, e-readers, cellular/mobile telephones, smartphones, and any other web-enabled device), network, and Internet connection and online educational services ("Education Technology" or "Ed-Tech").

The due process rights of all users will be respected in the event there is a suspicion of inappropriate use of the Education Technology. Users have no right or expectation to privacy when using the Ed-Tech (including, but not limited to, privacy in the content of their personal files, e-mails, and records of their online activity while on the network and Internet).

First and foremost, the Board may not be able to technologically limit access, through its Education Technology, to only those services and resources that have been authorized for the purpose of instruction, study, and research related to the curriculum. Unlike in the past when educators and community members had the opportunity to review and screen materials to assess their appropriateness for supporting and enriching the curriculum according to adopted guidelines and reasonable selection criteria (taking into account the varied instructional needs, learning styles, abilities, and developmental levels of the students who would be exposed to them), access to the Internet, because it serves as a gateway to any publicly available server in the world, opens classrooms and students to electronic information resources that may not have been screened by educators for use by students of various ages.

Pursuant to Federal law, the Board has implemented technology protection measures, which protect against (e.g., filter or block) access to visual displays/depictions/materials that are obscene, constitute child pornography, and/or are harmful to minors, as defined by the Children's Internet Protection Act. At the discretion of the Board or the Superintendent, the technology protection measures may be configured to protect against access to other material considered inappropriate for students to access. The Board also utilizes software and/or hardware to monitor the online activity of students to restrict access to child pornography and other material that is obscene, objectionable, inappropriate, and/or harmful to minors. The technology protection measures may not be disabled at any time that students may be using the Education Technology if such disabling will cease to protect against access to materials that are prohibited under the Children's Internet Protection Act. **Any student who attempts to disable the technology protection measures will be subject to discipline.**

Parents are advised that a determined user may be able to gain access to services and/or resources on the Internet that the Board has not authorized for educational purposes. In fact, it is impossible to guarantee students will not gain access through the Internet to information and communications that they and/or their parents may find inappropriate, offensive, objectionable, or controversial. Parents of minors are responsible for setting and conveying the standards that their children should follow when using the Internet.

Students will be assigned a school email account that they are required to utilize for all school-related electronic communications, including those to staff members and individuals and/or organizations outside the District with whom they are communicating for school-related projects and assignments. Further, as directed and authorized by their teachers, they shall use their school-assigned email account when signing up/registering for access to various online educational services, including mobile applications/apps that will be utilized by the student for educational purposes.

Students and staff members are responsible for good behavior on the Board's computers/network and the Internet just as they are in classrooms, school hallways, and other school premises and school-sponsored events. Communications on the Internet are often public in nature. General school rules for behavior and communication apply. The Board does not sanction any use of the Education Technology that is not authorized by or conducted strictly in compliance with this policy and its accompanying guidelines.

Students shall not access social media for personal use from the District's network but shall be permitted to access social media for educational use in accordance with their teacher's approved plan for such use.

Users who disregard this policy and its accompanying guidelines may have their use privileges suspended or revoked and disciplinary action taken against them. Users of the Board's Education Technology are personally responsible and liable, both civilly and criminally, for the uses of the Ed-Tech not authorized by this policy and its accompanying guidelines.

## **Cafeteria**

Students are allowed to charge their lunch for one day only. Students will be expected to repay the charge the next day and will not be permitted to charge again if they owe a previous charge. Students who qualify for free or reduced lunch must have all the proper forms signed and returned to school.

## **Child Abuse Statement**

A mandatory obligation is imposed on all school officials and employees to report cases of suspected child abuse or neglect. The statute also creates immunity from civil and criminal liability for child abuse reports made by school authorities. If and Twin Valley Community Local School District employee has reason to believe that a child less than eighteen years of age or any physical or mentally disabled child under twenty-one years of age has suffered any wound, injury, disability, or condition, as a result of abuse, the employee **MUST** report this information to the Principal.

## **E-Days/Blizzard Bags**

E-days/Blizzard Bags are a way to make up for calamity day once days 6, 7, and 8 have been called due to inclement weather. Teachers will post lessons to their Google Classroom or send home Blizzard Bags for students to complete lessons. Students will have 14 calendar days from the date of return to submit assigned work to the teacher. Your child's teacher will evaluate the assignment. Failure to complete ALL e-days/Blizzard Bags work will result in the student being given an unexcused absence from school for that day.

## **Field Trips**

Field trips are academic activities that are held off school grounds. No minor student may participate in any school-sponsored trip without parental consent and a current emergency

medical form on file in the office. Medications normally administered at school will be administered while on a field trip. The Student Code of Conduct applies to all field trips. Parent chaperones attending field trips in the elementary school must have a current background check on file in the district office two weeks prior to the scheduled field trip.

### **Food Allergies**

Food Allergies can be life-threatening. The risk of accidental exposure to foods can be reduced in the school setting if schools work with students, parents, and physicians to minimize risks and provide a safe, educational environment for food-allergic students.

- Notify the school of the child's allergies.
- Work with the school team to develop a plan that accommodates the child's needs throughout the school, including in the classroom, in the cafeteria, in after-care programs, during school-sponsored activities, and on the school bus, as well as a Food /Allergy Action Plan.
- Provide written medical documentation, instructions, and medications as directed by a physician, using the Food Allergy Action Plan as a guide. Include a photo of the child on written form.
- Provide properly labeled medications and replace medications after use or upon expiration.

### **Gum, Food, and Candy**

Students may not chew gum in any portion of the Twin Valley School. Goods and drinks may be consumed only in the Common area and for special events under the supervision of teachers. Students who violate this policy are subject to discipline.

### **Health Screenings**

Vision and hearing screenings will be done in grades k/1/3/5/7/9, special classes, and on referral from teachers, staff, or parents.

### **Illness/Rashes**

Please do not send your child to school if he/she shows symptoms of illness. The symptoms of a common cold may precede other communicable diseases. We suggest any child with a sore throat, watery discharge from the nose and eyes, sneezing, chilling, nausea, diarrhea, or other body discomforts be kept home at least twenty-four hours and observed. Students with skin rashes or eruptions will be excluded from school until a physician certifies that the condition is non-contagious. Parents will be called to come for their child who shows signs of illness. Due to unexpected illnesses or injuries, it is essential that the Emergency Medical Form is on file in the office. This information includes home, work, and emergency phone numbers. PLEASE KEEP THIS INFORMATION UP TO DATE AT ALL TIMES.

## **Immunizations**

Based on the State of Ohio, to be enrolled in school, all students must be immunized against the following diseases: five doses for DPT, four doses for Polio, two doses for Measles, Mumps and Rubella, and three doses for Hepatitis. Any immunization may be waived if a physician certifies in writing that such immunizations are medically unsafe due to a child's health condition or a written statement from parents/guardians stating religious objections.

## **Library Regulations**

The Twin Valley South School provides students and staff with a modern media center for scholarly and leisurely pursuits. Students are required to remain quiet and orderly in the media center and to follow the directives of school personnel. Material may only be removed from the media center by following the established policies and procedures of the media specialists. Unacceptable student conduct may result in the loss of media center privileges.

## **Medications**

If it is necessary for a student to take any medication, an Administration of Medication by School Personnel Form must accompany the medication. The form must be signed by the parents and the doctor. The drug must be in the container in which it was dispensed by the prescribing physician or licensed pharmacist. The medication must be kept in the office. No student is to have any medication on their person.

## **Outdoor Recess**

Participation in recess is considered a vital part of the school program. If the temperature is above 20 degrees, including wind chill, students will be going outside. Students are expected to participate unless there is a note sent giving legitimate health reasons why the student should be excused from recess. A doctor's statement is required if the student must be excused for more than three days. Please dress your child appropriately for outdoor conditions. Keep in mind weather conditions often change during the school day. All playground equipment/balls to be used at recess will be provided by the school. Students are not to bring those items to school.

## **Physical Education**

Participation in physical education classes is considered a vital part of the school program. Students must bring gym shoes. Students are expected to participate unless there is a note sent giving legitimate health reasons why the student should be excused from the gym. A doctor's statement is required if the student must be excused for more than three days.

## **Report Cards/Progress Reports**

In an effort to communicate as effectively as possible about our students, the following reporting system is in place:

- At the midpoint of each nine-week grading period, a progress report will be sent home with each student.
- At the completion of each nine-week grading period, report cards will be sent home with each student.

## **School Cancellation/Delay and Dismissal**

Notification will be made on the following television stations: Channel 2, 7, and 22. In the event of any early dismissal due to weather or other emergencies, a ninety-minute notice will be given via the listed television stations. One call will also be used to notify parents of emergencies. Parents need to advise their children on what to do in the event of an early dismissal. The school office must have a signed note on file indicating any change from the child's normal dismissal procedures. Students will not be released to anyone other than a parent or guardian without prior written permission or verified phone contact. If school is canceled or dismissed early due to weather, all practices and after-school activities are CANCELLED.

## **School Visitation**

Although Twin Valley South Elementary appreciates and encourages your interest in your child's education, certain guidelines must be observed to maintain the safety of our students and the professional atmosphere of the school. All visitors are asked to park on the west side of the school in the visitor's parking lot and enter through the front doors. (Door 26) All other doors to the school facility will be locked during the school day. **The bus parking slots must be free from parked cars during school hours.**

- All visitors are required to report to the elementary office for a pass.
- Student visitors from other school districts are not permitted.
- A person who wishes to observe classrooms must be approved by the principal at least one day in advance of the intended visit.

## **Withdrawing from School**

If your family is moving out of the TVS School District, you are expected to stop in the office to formally withdraw your child and give the address to which school records are to be sent. All school materials (textbooks, library books, etc.) must be returned before leaving.
